

Enter the competition system. On the login screen, enter your name and password.

Then you see the requirements:

A window for enabling screen sharing appears:

Click the image that shows the thumbnail of the entire screen (it is under "Entire Screen") and then click "Share". The two dots indicated by the red arrow start to glowing green (if any of the dots stop glowing green (this can happen, for example, when refreshing the screen), press the corresponding icon). You can now view what is on the screen and be sure to read the "Rules for Participation" section:

You can find task's statement and to read it use the "open" or "download" button. After solving the task, send the source code by selecting your .cpp file using "Browse" and then clicking "Submit":

The screenshot shows a task submission interface for "Task 2 - T2\_dog". The interface is divided into two main sections. On the left, the task details are shown, including the task name "T2\_dog" with a score of 100, buttons for "Open" and "Download", a progress bar for "Feedback - 100 points of 100", and a "Scoring - best submission" section with a table showing "Date" as "0.1 seconds" and "Memory" as "256 MB". On the right, the submission area is visible, featuring a "Submit" button, tabs for "File" and "Code", a "Select file!" input field with a "Browse" button, and a "Send" button. An orange oval highlights the "Submit" button, the "File" tab, the "Select file!" input, the "Browse" button, and the "Send" button. Arrows point from the "Open" and "Download" buttons to the left, and from the "Send" and "Browse" buttons to the right.
